

Empowering You Transforming Care

How are
you?

I'm fine
(.... not
really)

No one should have to face
dementia alone

We **understand** the **challenges** of caring for someone with **dementia**.

CogniCare provides a **digital companion** for caregivers looking after people with dementia. It **guides** and **eases care management**.

Using **CogniCare**, **monitor** and **track** vitals, activities of daily living, and behavior
